About REHAB

Since 1980, REHAB Karlsruhe has been one of the world's largest and most important events for rehabilitation, therapy, care and inclusion. Held every two years, the event welcomes specialists from all over Germany and neighbouring countries to Karlsruhe. They come to find out about the latest trends in rehabilitation technology, innovations in living aids and new therapeutic approaches, as well as taking advantage of the training opportunities on offer.

REHAB has become an important date in the calendar for the industry as a platform for dialogue between producers, retailers, therapists, doctors, carers, service providers and associations, as well as people with disabilities and their carers. It is the most important event for premium mobility and children's aids from Germany and across Europe.

Why you should visit REHAB 2023!

What REHAB has to offer industry visitors ...

... a compact overview of the trends and innovations in living aids over three days.

... interdisciplinary dialogue with colleagues and other specialists from the care and rehabilitation sector.

... personal contact with disabled people and their carers.

... a platform for professional development. Take the opportunity to develop your skills and knowledge in the countless workshops and presentations.

What REHAB has to offer people with disabilities and their carers ...

... a meeting point with a friendly atmosphere.

... comprehensive expert advice and support from countless producers, retailers, therapists and self-help groups.

... information on financing for living aids, as well as on participation and rehabilitation.

... a platform to discover the wide range of living aids, along with a test track and car test drives.

REHAB in numbers

Expected for 2023:

40,000 sqm of exhibition space

Approx. **350** exhibitors

Review of 2022*:

41.9% of exhibitors presented **new products** at the trade fair

13.9% of exhibitors came from abroad

Exhibitors according to economic sector:

*Results from independent exhibitor survey conducted by market research firm Gelszus on REHAB 2022

Comprehensive event programme

The diverse event programme offers exciting presentations for industry visitors, disabled people and their carers on a range of topics:

- Barrier-free building & living
- Digital assistive technologies
- Homecare & nursing
- Strokes & brain injuries
- Child & youth rehabilitation
- Mobility & daily living aids
- Self-help

The Inclusive Sports Complex also offers plenty of opportunities to get involved.

Here are just some of the partners of our event programme:

Following its highly successful debut in 2022, the CON.THERA Interdisciplinary Conference for Therapists will return, organised together with Team Lamprecht NEURO-Fobis. The conference will once again take place alongside the exhibition.

CON.THERA
Interdisziplinärer Therapeutenkongress

Back after a successful debut!

TEAM Lamprecht NEURO-Fobis
